

# GEN. OTIS MAY BE COURT MARTIALED

## Damaging Reports Received From Manila.

### ARMY OFFICERS SAY THEY CONSTITUTE GROUNDS.

Stories From Lawton and MacArthur Will Likely Be Suppressed—The Charge is That the Officer Issued Conflicting Orders That Left the First Mentioned General in a Precarious Position—Hong Kong Correspondent Says American Loss in Luzon is Heavier Than Stated.

New York, July 28.—[Special].—The Journal's Washington correspondent says: Gen. Otis may be court-martialed.

It is intimated that damaging reports have been received from Gen. Lawton and MacArthur which will likely be suppressed.

In the opinion of army officers they constitute ground for court-martial on the score of inefficiency.

It is said that Otis issued conflicting orders that left Lawton in a precarious position.

Says Loss is Heavier Than Reported

Paris, July 28.—[Special].—The Figaro today prints a letter written by a Hong Kong correspondent, in which he says that the American losses in Luzon are heavier than reported.

He says the force of forty-two thousand has been reduced to thirty thousand.

"The American soldiers," says the writer, "are adventurers engaged at low wages with full permission to pillage."

New York, July 28.—The New York Journal publishes the following:

"Washington, July 27.—The court-martial of Gen. E. S. Otis is mooted. The war department is in receipt by the last mail from Manila of documents extremely damaging to the governor-general of the Philippines. Adj. Gen. Corbin refuses to make them public."

New York, July 28.—Although the announcement has not yet been officially made, it is one of the certainties that Gen. Wesley Merritt will succeed Gen. Otis as commander-in-chief of the American forces in the Philippines.

It is said on excellent authority that he has been in daily communication with the white house on the subject of his appointment ever since his arrival at Governor's island, more than a week ago.

Progress of Recruiting.

Washington, July 28.—The number of recruits for the Philippines enlisted Wednesday was 622, making the total 6,031.

Gen. Otis Thursday notified the war department of the sailing of the Sherman with 1,287 officers and men of the California regiment and 256 discharged. Total passengers, 1,567.

Indiana Crowds Hear Bryan.

Greenfield, Ind., July 28.—W. J. Bryan held three meetings here Thursday—two at the fair grounds and one in the courthouse square in the evening. Fully 15,000 visitors were in town and 12,000 persons heard him at the fair grounds at each meeting. In his speeches Mr. Bryan insisted upon nothing being subtracted from the democratic platform of 1896, but that to it should be added denunciation of the Philippine policy of the administration. He warned all religious thinkers that a war for conquest for religious reasons was a dangerous doctrine.

To Unite Irish Factions.

London, July 28.—Mr. Henry W. Lucy, manager of the parliamentary corps of the Daily News, says in that paper that important correspondence is proceeding with the object of reuniting the Irish party under a common leader. Mr. Lucy believes that the effort is likely to be more successful than the earlier attempts in this direction.

Waiting for Instructions.

The Hague, July 28.—A short sitting of the full peace conference was held Thursday. Several of the delegations announced that they had not received instructions concerning the signing of the conventions, and consequently action was adjourned until to-day. The preambles and the unopposed articles have already been adopted.

Woman Criticizes Mr. Griggs.

Beaver Falls, Pa., July 28.—At a mass-meeting of the W. C. T. U. held here resolutions were adopted protesting against Attorney-General Griggs' decision in reference to the canteen system, and appealing to President McKinley to carry the anti-canteen law into full force.

Dewey Enjoys His Rest.

Trieste, July 28.—Admiral Dewey is much improved since he came to Trieste, where he is enjoying a quiet rest. The Olympia will sail on Tuesday.

Saturday We place on sale 500 yards of odds and ends of matting at half price. Bort, Bailey & Co.

# RUGGLES FIRST LIEUTENANT

## Honors for a Former Janesville Boy, Now of Rockford.

The many friends of James A. Ruggles, formerly of this city, but now of Rockford, Ill., will be pleased to learn that he has received an appointment as first lieutenant in the regular army. The regiment to which he will be attached is the Thirty-Fifth volunteer infantry, but where he will be stationed has not as yet been announced. He received the telegram advising him of the honors, Wednesday, and is now on waiting orders, expecting every day to be ordered to report for duty. Lieut. Ruggles is a son of the late General J. W. Ruggles, who achieved honor during the war of the rebellion. He has been in the Third Illinois Infantry for several years and when the late war with Spain broke out he was first lieutenant in Co. K. of Rockford. His regiment went through the Porto Rican campaign, and owing to the illness of his captain he was in command of the company during the stay on the island. He deserves the success that has followed his efforts and his Janesville friends join in wishing him the best of luck in his chosen profession.

# ADVICES FROM SAMOA

## Steamer Moana Brings News That Conditions Are Badly Muddled—Natives Clash.

San Francisco, July 28.—[Special].—The steamer Moana has just arrived, with advices to the effect that the conditions in Samoa are badly muddled. There have been several clashes between the natives, and more are expected.

The Moana's advices also say that volcanic eruptions in Hawaii are increasing in violence.

# INDIANS ON WAR PATH

## Yaqui Tribe in Mexico Are Pillaging, Killing and Outraging—Bodies Found Mutilated.

San Francisco, July 28.—[Special].—Details of the Yaqui Indian uprising in Mexico have been received here. The Indians are pillaging, killing and outraging. They outraged two nuns and two planters' daughters, afterwards killing them.

A missionary named Beltram and an unknown priest were also killed, their bodies being horribly mutilated.

# NO MORE YELLOW JACK

## General Wood Reports That the Epidemic at Santiago Is Over—Troops Well.

Washington, July 28.—[Special].—General Wood reports that the epidemic of yellow fever at Santiago is over. There are no more cases among the troops.

# FORECAST OF WEATHER

## Chicago, July 28.—[Special].—Forecast for Wisconsin:

Fair tonight and Saturday, continued warm.

Shoppers

Shoppers, July 28.—The ice cream social at Mrs. E. P. Bostwick's was well attended. The receipts were \$12.00. A great many farmers are finishing cutting grain. C. W. Kemmerer had three binders running Wednesday. A good share of the grain will be cut this week. Late potatoes and corn need a little rain. Mrs. Charles Rice, Mrs. Joseph Humphrey, C. W. Kemmerer, wife and young folks went into Camp at Delavan Lake, Tuesday. The telephone men left this place Thursday and will make Clinton their home for a few days. Frank Allyn came home from Topeka, Kan., Tuesday, accompanied by his cousin, Miss Effa Gordon, to visit a short time. Mrs. Buck is not expected to live. She is failing very fast. Mr. and Mrs. Moffitt's relatives and friends will help them celebrate their wedding anniversary Saturday of this week. Don't forget the Woodmen and Royal Neighborhood picnic, Wednesday, Aug. 2. Prof. Segal Tupper, of Toronto, Canada, with his little dog Fido, will go up in a balloon at the close of the exercises if the weather will permit. Hopkins & Sweet finished painting the mill and creamery and other buildings around the creamery, Wednesday, for Mr. McEuling. A little paint makes quite a difference in the looks. J. Dunn has just painted his house.

Mid-Summer Fling.

The silk skirt has been pressed decidedly out of service this summer, for the dainty, fluffy gowns will have nothing but lingerie to match. Only the finest nainsook and sheer linen under-skirts are worn, and these are made tight at the hips with many elaborate trimmed ruffles at the bottom. The newest chemise has no sleeve at all; it is held in place by ribbons that tie in a bow over the shoulder.

Wrong Man to Welcome Dewey.

Sampson is the one prominent officer in our navy who has never, so far as we have seen, expressed the slightest admiration for Dewey's gallant exploit; yet there is talk of sending this refrigerated sham out to welcome the hero of Manila.—Memphis Commercial-Appal.

# DARING ROBBERY AT BLACK RIVER FALLS

## TELEGRAPH OPERATOR COMPELLED TO OPEN SAFE.

Afterwards Locked Up in a Freight Car—Davis Milling Company's Plant at Galesville May Not Be Rebuilt—Racine Man Struck by Lightning—State News.

Black River Falls, July 28.—At about 10 o'clock last evening, two men held up the night operator and messenger boy at the Omaha depot. The operator was commanded to open the safe, but on refusing was struck on the head by one of the men with a revolver and knocked down. The operator then opened the safe as commanded. After taking what money there was in the safe, the robbers locked the operator and messenger boy in a freight car, where they remained for three quarters of an hour before being released. Only two men showed up at the depot, but there is supposed to be three in the gang.

The same parties just before the depot robbery robbed a saloon near by after holding up and going through several men who were in the saloon. The robbers all had revolvers and they used them by shooting at several different men at the depot and saloon.

Galesville's Severe Loss.

Galesville, Wis., July 28.—The destruction of the Davis Milling Co's. flouring mill plant last night, by fire, is likely to prove a more serious loss to this community than at first supposed. The original cost of the mill was \$60,000. The amount covered by insurance is stated as follows: Building, \$10,000; machinery, \$10,000; grain, flour and mill stuffs, \$7,000. The possibility that the plant will not be rebuilt makes the loss one that is materially felt by every business man in the place.

The city's fire pump was located in the mill and it was impossible to use it. This fact left the town at the mercy of the flames; except what could be done by the hook and ladder company, and a bucket brigade.

Stone Thrown by a Small Boy.

Eau Claire, Wis., July 28.—Tommy Oldfield, ten years old, confessed in court yesterday, that he threw a big stone into the smoker of an Omaha passenger train near the city limits the other night. General Manager Scott was on the train and offered \$100 reward. Chief Higgins of this city found the offender, and gets the money. The boy was sentenced to thirty days in jail, in default of fine and costs. He is the son of a section boss.

Struck in the Breast by Lightning.

Racine, Wis., July 28.—Peter Nelson was the young Mt. Pleasant farmer who was killed by lightning, Wednesday afternoon. He was on a load of hay. The bolt struck him on the breast and passed down his legs and out of his heel, leaving a hole like a bullet wound. His clothing and shoes were torn to shreds.

Minister of Sixty Weds

Grand Rapids, Wis., July 28.—James R. Miller, of Strong's Prairie, Adams county, and Martha Podewiltz, of this city, were married at the Congregational parsonage yesterday. Mr. Miller is a retired Methodist minister, sixty years old. The bride is twenty. They will reside on a farm near here.

Arrested on Suspicion of Burglary

Elroy, Wis., July 28.—Elmer Sternel was arrested on suspicion of entering O. C. Sanborn's residence Tuesday evening. He was placed in the sweat box, but would tell nothing. Officers have gone in search of his alleged confederate, who went to Baraboo the morning of the burglary.

Wisconsin Feudings

Washington, D. C., July 28.—Original—Chancy F. Morse, Ashtabud, \$6; George O. Ridler, Deronda, \$6. Increase—Robert F. Townley, National Military home, Milwaukee, \$6 to \$10; Irving V. Brandt, Food du Lac, \$8 to \$8. Original widows, etc.—Matilda M. Bowen, Auroraville, \$5.

Company Is Reaching Out.

New York, July 28.—The Times says: The Union Steel and Chain company, which recently organized under the laws of Delaware with a capital of \$60,000,000, is engaged in organizing still more extensively. The company has purchased nearly fifty plants and is negotiating for as many more. The company is about to build additional coke ovens.

115 Drowned in the Volga.

Berlin, July 28.—A story is published here to the effect that the steamers Kermille and Dimitri collided on the Volga river near Nijni-Novgorod, Russia, and that the Dimitri sank, causing the loss of 115 lives. No date is given and the story resembles one that was printed some time ago.

Chief of Cuban Bandits Caught.

Havana, July 28.—Chief of Police Gallo of Guanajay has captured Enrique Rivero, leader of the bandits engaged in the recent safe robbery at Mariel. Rivero was taken in a ruined building on a plantation in the neighborhood of Guanajay.

Mr. Borkedal of Norway announces that the sun is burning out more rapidly than is usually believed, and that unless something interferes our grandchildren will see its extinction. Mr. Mohr, also of Norway, has checked Mr. Borkedal's calculations and finds them to be correct.

# SANTO DOMINGO MAY BE ANNEXED NEXT

## REVIVAL OF TALK TO SUCH END IN OFFICIAL CIRCLES.

Brought About by the Assassination of President Heurieux and the Probability of Disturbances in That Country—It Is Deemed a Humanitary and Necessary Political Move.

New York, July 28.—[Special].—The Journal's Washington correspondent says: "The assassination of President Heurieux and the probability of disturbances in Santo Domingo, has revived in official circles the advisability of annexing the country to the United States as a humanitarian and necessary political move."

The armored cruiser Brooklyn or some other large war vessel will be sent to Santo Domingo waters to protect American lives and property.

Ordered to Santo Domingo.

Washington, July 28.—[Special].—The cruiser New Orleans and gunboat Machias have been ordered to Santo Domingo to protect the American interests.

They will proceed with all possible dispatch.

Fort de France, July 28.—The body of President Heurieux, who was assassinated Wednesday, has been taken to Santiago de los Caballeros. The governor of Santiago confirms the general opinion that the assassination was a political crime. It is said that the assassin's party is gathering forces preparatory to an attack on the government troops.

San Domingo is in a panic and the situation is extremely critical. Gen. Venecias Figueroa, the vice president, succeeds to the presidency.

The father of Caceres, the assassin, was put to death by order of President Heurieux in 1884.

# IRELAND IN NEW YORK

## Returns From Europe—Refuses to Discuss International or Church Affairs.

New York, July 28.—[Special].—Arch Bishop Ireland returned from Europe today. He refused to discuss international or church affairs.

# CONCERT WAS A BIG SUCCESS

## Local Talent in Broadhead Concert Highly Spoken of.

The concert given on Tuesday evening for the benefit of St. Martin's church of Broadhead, which is presided over by Mr. Clark A. Wilson, of this city, was a grand success both from a musical and financial standpoint. The Broadhead Independent in speaking of the affair says:

"We cannot be but grateful that the concert afforded Broadhead people such a rare treat."

"One seldom has the pleasure in a country town of listening to a singer with a voice of such power and sweetness as that of Mr. Hugh Williams, basso. He has a wide range and his voice is under perfect control."

Of the Janesville talent who contributed to the affair the Independent says: "The boy singer, Master Kramer Doty, of whom we had heard much, fulfilled all that was expected of him. He has a strong, clear soprano voice, and we shall not soon forget his 'Ave Maria.'"

Miss Wilcox has a fine soprano voice, well cultivated, and the audience were much pleased with her singing.

The easy grace and simplicity of Miss Amy Woodruff, entertainer, made friends of all who listened to her and few of us, for some time to come will write 'busy' without remembering her."

A Sense of Importance.

"I wonder what makes these Filipinos so obstinate and impudent," said one statesman. "I'm afraid it is a remark of mine," answered the other. "They probably heard that I thought they were worth \$2 a head, and it has stimulated their self-esteem until it ran away with them."—Washington Star.

Many Plateaus in Africa.

Africa is the most elevated of all the continents. It is the "continent of plateaus." The great table-land in the south has a mean altitude of over 3,500 feet; the wide table-land in the north has an average elevation of about 1,300 feet.

The Flower Garden of Europe.

The south of France is the flower garden of Europe. Flower farming is extensive in the Var valley, and covers about 115,000 English acres. These gardens produce over 3,000 tons of flowers annually.

The Thread of a Spider's Web.

It is said that every thread of a spider's web is made up of about five thousand separate fibers. If a pound of this thread were required it would occupy twenty-eight thousand spiders a full year to furnish it.

Great Britain's Lighthouses.

There is a lighthouse to every fourteen miles of coast in England, to every thirty-four miles in Ireland, and to every thirty-seven miles in Scotland.

# WILL OF JOHN C. FREDENDALL

## Widow Receives a Life Interest in the Income of the Estate.

The will of the late John C. Fredendall has been filed in the office of the county judge.

To his wife he gave a third of the income of the flats at the corner of Main and Court streets, during her life-time, and the free use of the rooms occupied by them in the block and one-third of the income from the rooms if she should choose to leave them. He also bequeathed to her all of the household furniture and \$200 in cash.

The balance of his property, here and elsewhere, he bequeathed to his two surviving sons, Ira L. Fredendall, of Cheyenne, Wyoming, and Eugene N. Fredendall, of this city, share and share alike.

He appointed his youngest son, Eugene N. Fredendall, sole executor of his estate with the express provision that he give no bond for the faithful discharge of his duties.

Mr. Fredendall's estate is estimated to be worth in the vicinity of \$25,000.

# CLEVELAND SITUATION

## A Barricade of Barbed Wire Stands Stretched Across the Street Car Tracks.

Cleveland, July 28.—[Special].—The street car situation here is quiet this morning. No rioting was reported during the night.

Early this morning a barricade of barbed wire strands was found stretched across the tracks, but fortunately it was struck by a closed car; otherwise it might have beheaded the motorman.

Evansville, Ind., July 28.—[Special].—The coal strike situation here is improving. There were no demonstrations at the mines last night or this morning.

Troops in School Buildings.

Cleveland, Ohio, July 28.—Mayor Farley has taken radical action regarding the controversy over the placing of troops by demanding the keys of certain school buildings from Director Sergeant. The latter was compelled to comply with the request. There was no violence yesterday. An effective boycott has been declared against not only merchants, but against every man, woman and child in the city who dared to ride on Big Consolidated cars.

Evansville, Ind., July 28.—Sheriff Kopke told Gov. Mount by telephone Thursday the situation was serious enough to warrant him giving the governor notice that troops might be needed at any moment. The governor announced his willingness to respond promptly. Much excitement was occasioned in the afternoon by many miners appearing in the Franklin street park. A number were armed, but there was no trouble. About fifty deputy sheriffs were sworn in by Sheriff Kopke and the entire police force was on duty, but their services were not needed.

Indianapolis, Ind., July 28.—Gov. Mount was at his office till late last night waiting for word from the Evansville situation, over which he was apprehensive. Word was privately sent from the statehouse to officers of five militia companies to be in readiness. The one at Washington will be the first to move if the call comes. The state officials call attention to the new anti-lynching law, which will apply to any mob demonstrations at Evansville. This makes any person in a mob liable to prison sentence where any one is injured, and avoids local sentiment by giving the attorney general of the state authority to begin proceedings.

A Costly Church Altar.

The most costly church altar in the world is to be found in the Church of Our Saviour, Moscow. This church was built to commemorate the deliverance of Moscow from the French, and cost upward of about \$750,000, far surpassing in beauty any church of modern times. It stands just outside the Kremlin, and its gold-plated dome is visible from every part of the city. Its altar, with its combination of precious stones and marble carvings, before it was enriched by its golden irons, silver ornaments, and its costly sacred pictures, cost nearly \$500,000. It took 900 pounds of gold to plate the dome, and there is more than \$1,000,000 worth of gold upon it. Twelve hundred golden candelabra hold as many candles under the cupolas, and all the vessels used by the priests are of solid gold. The church was built to accommodate 10,000 people.

No Long-Distance Wooser.

Rudyard Kipling's maternal grandfather was Rev. George E. MacDonald. It is related of him that in the days when he was courting the lady whom he afterward married, the father-in-law-to-be—an aged Methodist, with extremely strict notions in regard to the proprieties—was injudicious enough on one occasion to enter the parlor without giving any warning of his approach. The consequence was that he found the sweethearts occupying a single chair. Deeply shocked by this spectacle, the old man solemnly said: "Mr. MacDonald, when I was courting Mrs. Brown she sat on one side of the room and I on the other." MacDonald's reply was: "That's what I should have done if I had been courting Mrs. Brown."

# FOUR NEGROES PAY THE DEATH PENALTY

## HANGED ON ONE SCAFFOLD AT BALTIMORE TODAY.

Cap Jerked From the Head of One of the Condemned Men—Distorted Face Whirled Toward Spectators Who Turned Away Sick—Struggle Was Terrible.

Baltimore, July 28.—[Special].—Joseph Brian, Cornelius A. Gardner, Charles James and John Meyers were hanged on one scaffold here this morning. All of the men were negroes.

They confessed to their crime before going to the scaffold.

As the drop fell, the rope jerked Gardner's cap from his head and his distorted face whirled toward the spectators, who turned away sick.

The death struggle was terrible. His heart beat twenty-nine minutes. The others died without a struggle.

Gardner, Myers and James were all executed for the same crime, a horrible one. Bryan killed his mistress.

# HAYES BLOCK CATCHES FIRE

## Discovered in the Nick of Time—An Incendiary Blaze in Fourth Ward

Hayes Brothers' block, at the corner of Main and Milwaukee streets came within an ace of being at the mercy of the fiery fiend last night.

About 11 o'clock a party of gentlemen, including A. E. Bingham, cashier of the Bower City bank, came down from a trip up river. They went to the bank where Mr. Bingham had left his wheel. Smoke was smelled by one of the parties and an investigation immediately followed and a blaze was discovered in the basement, which was extinguished and had it not been for the timely arrival of the gentlemen, there is little doubt but that a serious conflagration would have resulted, as the fire could have gained rapid headway had the circumstances been otherwise. It was a lucky discovery, indeed.

Fire on South Franklin Street

An alarm of fire was turned in from box 46, corner South Franklin and Union streets, about 9:30 o'clock last evening. The department made a speedy run to 354 South Franklin street. The building, which is a one story structure, was unoccupied, having been vacated only yesterday morning, was damaged considerably. The building is the property of Richard F. Finley, whose loss is fully covered by insurance. It is quite evident that the fire was of an incendiary origin.

# MORE PLUCK THAN JUDGMENT

## Freeport's Version of Tuesday's Base Ball Game

After a diligent search, we managed to find the following "obscure and alone" in the columns of the Freeport Journal:

"The members of the Freeport Y. M. C. A. base ball team, dressed in their pretty new uniforms, went to Janesville, Wis., yesterday morning to cross bats with the Y. M. C. A. team of that city. It was the first game the Freeport team had ever played. They were all new, very new, yet they had plenty of pluck and while they had a dim idea that the team they were going to play was well up on the points of the game, yet they never had a clear idea of what they were going against or they would never have ventured away from home. The Y. M. C. A. team of Janesville is the real thing, made up of college players and professionals, and is conceded to be the best base ball team in the state of Wisconsin outside of the Milwaukee league team."

"They naturally swiped the earth with the Freeport aggregation, winning by a score of 23 to 1. We are betting even cookies, however, that the regular Freeport team can swipe that Janesville Y. M. C. A. team."

We take the bet, though we are led to believe "Unesda Biscuit" and base our charge on such a daring proposition. Trot out the "regulars."

Welding Tortoise Shell.

Mr. R. Lydecker, the English naturalist, says that tortoise shell, which is made from the horny skin overlying the bony case of most species of turtles, possesses the property of welding so perfectly that no trace of junction is visible. Two plates to be united have their adjacent edges beveled in opposite directions and are then squeezed in a metal press, under the action of boiling water. Imitation tortoise shell is made by painting horn with a paste of lime litharge and soda, which is rubbed off after drying. This process leaves dark spots of lead sulphide in the horn, resembling the mottling of real tortoise shell.

The World's Consumption of Beer.

An official document recently issued sets forth some remarkable figures regarding the quantity of beer consumed throughout the world. The annual quantity consumed, it is stated, amounts to 17,700,000,000 litres, or quarts. Of this amount, 5,000,000,000 quarts are made in Germany; in Great Britain and Ireland, 4,790,000,000; in the United States, 3,200,000,000, and Austria-Hungary, 1,850,000,000. Belgium produces and consumes yearly 1,050,000,000 quarts of beer; France, 340,000,000, and all the Russias only 400,000,000 quarts.

## INTERESTING GAME AT MILTON MONDAY

TEAM FROM DARIEN TO VISIT  
THE COLLEGE TOWN.

Mr. and Mrs. R. Richardson Give a Reception in Honor of Their Son and Wife—Prof. Shaw and Wife Are Pleased With Monona Lake Assembly.

There will be an interesting game of ball here Monday afternoon between the Darien and Milton clubs. The visitors are the only nine that have won a game from the home team this season and our boys intend to win this time. Encourage them by your presence and contribution.

Mr. and Mrs. Richardson gave a reception Tuesday evening in honor of their son, Rev. T. C. Richardson and wife, of Shopiere. The evening was auspicious and a large company of friends and acquaintances were assembled to enjoy a social hour with the divine and his estimable wife.

The out harvest in this section has been rushing this week and a greater part of the crop is now in the shock. The yield is heavy and the quality good. Threshing machines have already begun operations.

Miss Mary Davis, of Janesville, was entertained by Miss Mary Rumbay, Wednesday.

L. M. Babcock will teach at Utica the coming year.

B. H. Wells is the victim of a "crick in the back" and cannot move about.

Council Bluffs, Ia., July 26.—The case against John M. Lane, charged with the embezzlement of funds from the Chicago, Milwaukee & St. Paul Railway company as freight and ticket agent at this place, was called in court today and dropped by general consent. Lane's friends came forward with the necessary funds to permit him to settle the short-

age, which is understood to be a little less than \$8,000.—Sentinel.

## GRAND PICNIC AT FOOTVILLE

To Be Held Aug. 2 Under the Auspices of the M. E. Sunday School

Footville, Wis., July 28.—A grand picnic will be held Aug. 2nd. Arrangements are nearing completion by the different committees appointed by the M. E. Sunday school for the picnic in H. Beeches' grove near Sun Honeysett's one mile south-west of Footville. The following Sunday schools have been invited to come and spend the day with us: Christian church Sunday schools of Footville and Center; Union Sunday school of Hanover; M. E. Sunday schools of Magnolia and Orfordville. An interesting program is being prepared, including songs, readings, addresses, recitations, band selections, etc. Nothing will be left undone to make the gathering one of the largest and most enjoyable for many a day. The band will be in attendance. A rostrum will be erected for the band and speakers. A first-class stand will be run on the grounds where candies, nuts, pop corn, melons, fruits, lemonade and ice cream will be sold at the lowest possible prices, the proceeds of which will go toward Sunday school expenses and song books. Come every one, you will be welcome. A picnic dinner will be served as near noon as possible. Take a day off and come. Mrs. B. W. Snyder and son and Mrs. Emma Tolefson went to the Monona Lake assembly, Wednesday. Rev. F. W. Mutchler spent a few days at the assembly this week. The new houses of Dr. S. W. Lacey and W. Honeysett loom up well and will make a great improvement to our village. Mr. D. Hamel's new house will soon be under way and promises to be a neat structure. Mrs. W. J. Owen is on the sick list, but it is hoped by her many friends that the sickness will be of short duration and she will soon be out. A. W. Strong, who has been confined to his bed for the past six weeks, is still unable to sit up, although improved in some respects. Miss Ora Cody, of Burnett, Wis., is spending a few weeks with her aunt, Mr. and Mrs. C. R. Vesper. Prof. A. G. Henry spent Sunday here and received a cordial welcome by his many friends. Levi Ross has been engaged as teacher in the Wiggins district for the fall term. The R. N. of A. is a flourishing order in our village. They have taken in twenty five new members in the last month and still more applications for membership. The absence of hail and hard winds has made the tobacco crop very favorable. Ray Owen has engaged with the firm of Jones & Winters in putting in telephones. M. E. Becker, of Winona, is moving to our village. Old settlers will remember him as a son of H. D. Becker. Mr. and Mrs. Stevens, of Janesville, visited his brother, H. S. Stevens, of Footville, Thursday. Mr. and Mrs. J. U. Fisher went to Evansville Thursday. Special services are to begin at Christian church this week. Mrs. C. T. Hoebel, of Chicago, who has been visiting her parents, Mr. and Mrs. Dunn, returned home Thursday.

## HAPPENINGS FROM WILLOWDALE

Enjoyable Social and Dance Given Last Wednesday Evening.

Willowdale, July 28.—A very enjoyable social and dance was given by the Y. P. L. C. at the home of Mrs. Connell, last Wednesday evening. A short program was rendered, after which the guests were served with ice cream and fruit cake. Miss Kittie Connell presided at the piano, and rendered a few choice selections to those who did not participate in dancing. Miss Margie Lyons is entertaining her cousin, Miss Genevieve McGavock of Beloit. Thomas Gallagher entertained a friend from Janesville, last week. Quite a number from here attended the bowerly dance at the home of James Lay, in Porter, last Friday evening. Miss Maggie Carroll of Litchfield, is the guest of Mr. and Mrs. James Carroll. Misses Rosie McManus and Mae Winters of Janesville, were callers here, last week.

## Emerald Grove

Emerald Grove, July 28.—Mrs. Marion Kelly, of Stoughton, is spending the week with Miss Jennie D. McArthur. Irving Dennis will spend Sunday at the Delavan Assembly. Rev. M. Dennis, Mrs. Dennis and Miss Flora Dennis are in camp at Delavan Lake. Mrs. Dean, Ray and Daisy, Mrs. Knillars and Earle will leave Saturday to spend a week at the Delavan Assembly. Among the numbers who are spending a part or all of the time at the Assembly are the Misses Clark and Lizzie Inman, Mr. and Mrs. W. J. Jones and daughter Catherine. Many who had planned to visit the Assembly have had to remain at home on account of the harvesting, which our farmers are in the midst of. Mr. and Mrs. Gilson will occupy the parsonage during the absence of the pastor and his wife. Miss Delaney, of Richmond, is with Mrs. Knillars this week. May Barless is visiting Priscilla Fitch. No services in the church Sabbath. Mr. John Davis is very poorly. Among the number who heard Mrs. Maud Ballington Booth at the assembly Wednesday, were: Mr. Goodrich, Mrs. Frank Wetmore and mother, Mrs. Earle Wetmore, Mrs. R. More and Agnes, Mrs. Wilson More, Miss Jennie McArthur and friend, Mrs. Kelly.

## Town of Center

Center, July 28.—Miss Ethel Schuster, of Chicago, will give a musical entertainment at the Center Church of Christ, Tuesday evening, August 1. Wright Bros. have sold their farm to Mrs. Gussie Gardner, of Magnolia. Mrs. B. W. Snyder and son Harold and Emma Tolefson are attending the Assembly this week. Mrs. Henry Pepper and children returned home Monday from a visit at Plattville. The social at Mrs. Emma Fisher's last Tuesday evening was well attended. The receipts of the evening were \$12. Rev. Martin and wife left for Springfield, Ill., Thursday.

## PICKED UP AT LIMA CENTER.

M. E. Church Improved, Due to the Untiring Efforts of Pastor.

Lima Center, July 28.—The M. E. church of Lima presents a far more attractive appearance than it did a few weeks ago, due to the untiring labor of the pastor, Rev. Sherwin, who started out to raise the means to accomplish the work. The result is that the church has been papered and painted and other improvements made. Next Sunday the church will be opened with a sermon by Rev. Perry, of Whitewater. All are invited to be present. Mrs. Wesley Jaquith and son, of Milwaukee, visited last week at the home of H. L. Jones and Carrie Johnson. Mrs. Jaquith and Mrs. Jones spent Sunday with Janesville friends. Thursday, Mr. and Mrs. Nichols drove to Darien. Mr. Nichols returned Saturday. Mrs. Nichols remained to spend this week with her parents. Ruth Shubey was quite sick the first of the week, though she is better at present. Mrs. William Truman has been under the doctor's care since Monday. She is feeling better at present, however. Mrs. May Collins gave a party in honor of her daughter, Iva, Tuesday afternoon, the occasion being her ninth birthday. Tables were set on the lawn and twelve of her little friends took supper with her. All report a nice time. Mrs. Reece and son Harry and Willard are attending the Delavan assembly. Ernestine Bingham is visiting at the home of her aunt, Mrs. M. Comb. Mrs. Holbrook is at Delavan this week. S. Bullock and wife, of Whitewater, visited their daughter, Mrs. James, last Wednesday. "To Cuba and Return," an illustrated lecture at the M. E. church, Monday evening, July 31. The ball game Wednesday between the married and single men resulted in a victory for the Benedicts. Frank Fredman started for Iowa Thursday morning.

## CAINVILLE CLUB VICTORIOUS

Ladies Aid Society Well Attended—Rye Cutting Over.

Cainville, July 28.—The game of baseball last Saturday between Magnolia and Cainville nines resulted in Cainville's victory. Sunday afternoon Magnolia and Evansville played a game in which Magnolia came out ahead. Charles and Frank Bennett and Chas. Huff visited Footville M. W. A. meeting Saturday evening. A special meeting of the R. N. A. society will be held at Magnolia, Saturday afternoon, July 29. Quite a delegation from here are in attendance at the assembly this week. The Ladies Aid society was well attended last week at Mrs. York's. The next meeting will be held at Mrs. Hyatt Weaver's, Aug. 3. Rye cutting is over and oat harvest has commenced. Oats promises a fair yield. The heavy rains have caused the potatoes to lodge which makes it quite difficult to dig them. Nina Hacking spent a few

week. Normie Harding and Henry Gardner have been on the sick list the past week. Lizzie Bennett has relatives from Milwaukee visiting her. Mr. Jackson has a gang of Italians working on the section between Footville and Cainville. Fisher & Wiggins were receiving stock at their station, Wednesday, for which they paid the highest market price. Frank Wright and sister, of Center, were callers in town Tuesday.

## ADDRESS DELIVERED BY A. E. MATHESON

JANESVILLE MAN SPEAKS AT DELAVAN ASSEMBLY.

Many Bower City People Are Enjoying an Outing at Second Annual Session—Prospects of Even Greater Success Than Last Year—Many Hear Mrs. Booth.

The second annual session of the Delavan Lake assembly opened Wednesday with prospects of even greater success than that of last year. The dedication of the auditorium took place with an address by A. E. Matheson, of this city, an invocation by Rev. Dr. Hobbs, of Delavan, and a dedication poem by Rev. S. P. Wilder, of Delavan. The first lecture given in the auditorium was "The Prison Work of the Volunteers" by Miss Maud Ballington Booth, which was heard by an audience of between 2,000 and 3,000. The evening's entertainment was given by the Thalian Club of Evanston, who appeared in "Lead Me Five Shillings," "The Other Women" and "Barbara."

The musical program was contributed by Miss Sybil Sammis, Mrs. A. M. Straub, and Professor A. M. Straub, Chicago.

Yesterday the various classes organized for work. The Normal Bible school was under the instruction of Professor Charles F. Kent of Providence, R. I.

Professor A. M. Straub, of Chicago, will conduct the voice culture and assembly chorus classes, and the kindergarten class will be in charge of Mrs. Mabel H. Topping of Chicago. The class in Sunday school work is instructed by the Rev. B. K. Manston of Delavan.

Janesville visitors of last year are delighted with the transformation scene that a season's work has wrought in appearance of the grounds. The undergrowth and the saplings have been cleared away, leaving the large trees only. Roads have been laid out, lots graded and seeded and a few cottages built. The many campers of this year are setting up their tents in a green, shady and beautiful park.

Congressman Dolliver is the principal attraction for today and many from this city will lend him their ears. The local visitors report a splendid time thus far and many will stay during the entire twelve days.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. ## IT WILL COST MORE TO LIVE

The Price of Coal and Meat Are Now Higher Than Ever.

Janesville people will be obliged to pay more for their coal this winter. Anthracite is now selling at \$7.50 for delivery before September 1, and there is no telling how much higher the figures will rise after that date. Freighters have advanced ten cents, making the advance for the season from Buffalo from thirty to seventy cents.

The cause of this rise is prosperity. Every factory in the country is running full blast, day and night almost, and even then they cannot keep up with the orders. This has caused an enormous demand for pig iron. The price of this product has consequently doubled. Last year it sold at \$10.80, and now it is bringing \$20.50. As a result of this demand for iron, the lake vessels refuse to carry anything else because they can make more money carrying iron. Vessel owners carry ore at \$1. Formerly they brought back coal but now they rush back light to save time. They simply cannot keep up with the amount of freight for shipment.

There is more coal to be carried than there are ships to take it; there is more ore to go from the mines to the furnaces than vessels and were it not for the new position of the great trunk railroads from Chicago to the seaboard, grain would be accumulating at upper lake ports for lack of tonnage to carry it to eastern and foreign markets. All the coal now being received in Janesville is rail coal and the dealers cannot buy any for future delivery.

## EVENTS FOR THIS EVENING

THERE will be a rehearsal of the Imperial band at their rooms.

WEEKLY meeting of People's Lodge No. 460, Independent Order Good Templars at their hall in Court Street M. E. church block. A full attendance is requested as there will be election of officers.

If the Baby Be Cutting Teeth  
Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Exceptionally Low Rates to Pittsburg, Pa. Via the Northwestern line. Excursion tickets will be sold at greatly reduced rates from all stations, July 21 and Aug. 1 (but not for trains arriving Chicago before August 1), limited to August 31, 1899, inclusive, on account of annual Y. P. C. U., United Presbyterian church. Apply to agents Chicago & Northwest.

## THIS DAY IN HISTORY.

1538—The British dispersed and partially destroyed the Spanish armada by means of fireships.  
1532—Commodore William Bainbridge, an American naval officer distinguished in the war of 1812, died; born at Princeton, N. J., 1774.  
1814—Joseph Bonaparte, Montefiore, brother of Napoleon I and ex-king of Naples, died at Florence; born 1768.  
1868—William Lowndes Yancey, a prominent southern leader, died near Montgomery, Ala.; born 1814.  
1875—Hans Christian Andersen, Danish poet and novelist, died; born 1805.  
1885—Mr. James Montefiore, Hebrew philanthropist, died at Ramsgate; born in England 1785.  
1891—Samuel S. Pomeroy, printer, who first put "The Star Spangled Banner" in type, died at Baltimore; born 1850.  
1894—Cardinal Ledochowski, an old and determined enemy of Bismarck, died at Lucera; born 1822.  
1895—Colonel Alfred M. Wood, "war mayor" of Brooklyn, died in that city; born 1828.

## IN FAVOR OF ANNEXATION

A dispatch from Havana says: El Diario De La Marina yesterday printed extracts from El Sufragio Universal, the annexationist paper, the first number of which appeared at Puerto Principe yesterday, and which claims to speak for the largest influential body of working Cubans, who, unlike the former generals (who live none know how, issuing manifestos which could not raise a corporal's guard to fight again, because the people now know them and are thoroughly disgusted), do not talk. These extracts say there are good Cubans well able to manage the public affairs of the island, but that the generals will not permit them to do so, believing that they (the generals) alone have the divine right to govern and even would fight among themselves to determine who should be first. Speaking for the Cubans El Sufragio Universal declares for annexation, saying:

"But our improvised chiefs and officers who were present yesterday and who during the revolution were ardent apostles of annexation, today get excited at the very idea of an equitable repatriation. 'Avast ye people of Cuba! Avast the American union! Avast civilization! Such are their cries and in a low tone of voice, they add: 'This country and its inhabitants are as much ours as that shepherd and those flocks are those of the lone owner.' Certainly there is some truth in what they say unbelievably certain it is that every one under the sun has some master and true it is that absolute independence with Cuba left to itself by those who are our masters would be ferocious. Our independence would be intolerable and facts prove it."

The question of whether or not annexation would be a good thing for the United States may be open to debate, but there is no doubt but what annexation would be the best arrangement for the Cubans.

The girls of several southern Kansas towns have formed a club, agreeing not to marry any man unless he served under General Funston in the Twentieth Kansas regiment. The soldiers should now return the compliment by contracting not to marry a girl who didn't join the club. The Twentieth boys have distinguished themselves as disciples of Mars, and should not let the opportunity slip to show that they are also true to Cupid.

Good roads are of especial value to the farmer, and every farmer in Rock county should do all in his power to advance the cause. It is thought that the proposed Good Roads Convention during State Fair week will accomplish much, as the executive committee plan to make it a farmers' convention, each township to be represented by three delegates.

Wisconsin free silverites will start Bryan's boom next Monday, when the colonel speaks at the Madison assembly. The ringmasters plan to deliver the state to Bryan, regardless. Mayor Rosa, of Milwaukee, proposes to visit the capital city with one thousand "shooters," trained to howl whenever the bosses give the signal.

The picture of Mrs. Robert G. Ingersoll, disconsolate beside her dead husband, is most pathetic. Poor woman! She has learned to believe that the end came with death, and that her husband has gone forever. What comfort there would be for Mrs. Ingersoll in Christianity, and how cheerless is unbelief!

Washington dispatches announce that Supervising Architect Taylor, of the Treasury department, will be in Janesville about the middle of next month to select a postoffice site, and it is said that several "round robins" have been prepared for his perusal.

President Heureaux, of San Domingo, was known as "the father of his country" yet no assassin shot him to death.

This tragic occurrence shows two things—that people are ungrateful, and that something radical should be done to stop such brutal murders. Ordinary punishment does not seem to have any effect.

The statement that Hon. Isaac Stephenson was "log-rolling" with an eye on the governor's chair seems to have been an error. Dispatches announce that Mr. Stephenson has just sold all his logs—2,500,000 feet—to the Hines Lumber Co.

The Milwaukee Street railway and lighting company has raised the pay for all the men who have been in the company's employ for five consecutive years. About one-third of the employees are gainers by the new order of things.

Several ships owned by the government, but no longer needed, were sold at Long Island recently, and every one of them brought a better price than was set by the board of naval appraisers.

Nearly six thousand men have enlisted in the volunteer army since the last call was issued—and also Eduardo Atkinson issued his last statement.

And in reading the accounts of the peace conference at The Hague, it does not appear there is anything the matter with Seth Low.

General Hall, as has also been said of numberless other gentlemen and soldiers, is all right.

The air will be full of music when the get-together Wisconsin democrats get together.

The dur dum bullet and the Monroe doctrine are approved by the peace conference.

## Every Person Should Take an Outing

One can do enough more work during the year if the week or two away from business and house cares is indulged in. You owe it to your health, and, as the old saying goes, "Live While You Live, for You Will Be a Long Time Dead." The first thought in connection with the picnic or Outing is the list of eatables. You cannot have a really enjoyable time unless you have plenty of good things. Your appetite is whetted and you eat more than you ever do at home. Our store is full of good things for picnickers. It is the acknowledged headquarters along these lines. This list will help you in making selections.

## C. A. SANBORN &amp; CO.

## FREEPORT VERSION OF TUESDAY'S GAME

AS VIEWED BY H. B. SMITH, OF  
THAT CITY.

Takes the Management of the Local Y. M. C. A. Base Ball Team to Task—In Order to Prove They Have a Good Nine, a Challenge Is Issued.

The after effects of last Tuesday's base ball game are just beginning to be made manifest. There is apparently another version of the affair as the following letter would indicate:

Janesville Daily Gazette, Janesville, Wis. Dear Sirs—The impression seems to have gone abroad in your city, and from the facts brought to my notice, it seems willful on the part of some one connected with the game, that it was our regular Freeport baseball team, that was to play in your city on Tuesday, the 25th.

I am not in accord with any misrepresentations of this kind, and am certainly very much surprised, and will tell you candidly that we did not look for them, especially from the management of a Y. M. C. A. base ball team.

Trusting you will accept this letter in the spirit in which it is written, which is in fairness to all parties concerned, and from one who believes himself to be a business man and a gentleman, I am pleased to remain, Yours truly,

H. B. SMITH.

Mr. Smith has also written a letter to H. J. Cunningham, manager of the local Y. M. C. A. team, in which he endeavors to set right a misunderstanding that apparently exists. Among other things he says:

"I have your favor of the 25th inst., and I am surprised that you should tell me that through a misunderstanding the impression got out that it was the old Freeport league team that was to play there on the 25th. Your understanding is certainly badly warped, when your management allows itself to put out in strong bold face type that 'the famous Freeport team that recently defeated the Chicago Unions in three straight games', or words to that effect, was to appear on the above date."

"If, as you say in your letter of the 25th inst., you had advertised these boys as the Y. M. C. A. team of Freeport, then why did you ask them to turn their uniforms inside out, before the game? Why did you write me under date of July 24 and ask me to bring the Freeport team there August 4? Why have all the correspondence that you have had with Mr. Keagle been strictly on Y. M. C. A. lines, and all that you have had with me has been strictly on Freeport base ball club lines? Anyway, after giving the patrons of your game at Janesville the above frost, why did you not correct the error abroad, instead of allowing the score, to go to the Chicago papers 'Janesville, 23; Freeport, 1'?"

"Now to prove to you that we have a baseball team in Freeport that we regard as fairly good, we will play you a series of three games, one to be played in Freeport, one at Janesville, and the third game to be played on neutral ground, for the gate receipts, or sixty per cent. to the winner, and forty per cent. to the loser, or almost any other business proposition which you feel like offering or accepting."

"In regard to the date of August 4th, about which you wrote me some time ago, you may consider this cancelled, as I do not care to mix up in any more deals in your city until the Freeport baseball team has been set right before the public."

## CHICAGO UNIONS TOO STRONG

Defeated Janesville Again Yesterday—A Disappointment.

The base ball game at Athletic park yesterday was somewhat of a disappointment to the crowd that went out to see it. While some brilliant plays were made, the game taken as a whole was rather tiresome and devoid of interest, and the "coons" had but little trouble in winning from the "white trash," by a score of 6 to 1. Added to the troubles of the home team, yesterday found Umpire McGinley suffering with soft corns on his eye balls, and as a consequence he made several rank decisions which were costly for the ball players. The score was as follows:

JANESVILLE.

## DECIDE WILL CASE OF REBECCA MORGAN

DECISION REACHED IN JUDGE  
SALE'S COURT.

Contest in Favor of Will Made By Eliza Goodrich, a Daughter—Refused to Allow Will on the Ground That it Was Procured By Undue Influence.

A case of considerable interest which has been pending since April last was decided by Judge Sale in the county court today. It was a contest of the will of the late Rebecca Morgan, of Milton Junction, by the seven grandchildren of deceased, all of whom reside in Minnesota and Iowa. The contest in favor of the will was made by Eliza Goodrich, of Milton Junction, a daughter of Mrs. Morgan, and who, under the will, took the largest portion of the estate. Judge Sale after hearing the evidence refused to allow the will as made on the ground that it was procured by undue influence. The plaintiffs were the children of a deceased son of Mrs. Morgan's and by the will they were practically disinherited. The contest has been a long drawn out one and many witnesses were sworn on both sides. John Cunningham, with Charles E. Pierce as counsel appeared for the plaintiffs and E. D. McGowan defended Mrs. Goodrich.

Municipal Court Case Adjourned.

In the municipal court this morning the case of Arvilla Downing vs. George L. Bogardus, of Clinton, came up but was adjourned until next Monday in order that the deposition of Illinois parties may be taken. The case is a replevin action and is brought to recover possession of a stallion.

The civil case of McVicar Brothers vs. Mrs. Brittan, of Beloit, also came up but was adjourned to August 8, by consent.

## PICNIC WAS A GREAT SUCCESS

About Four Hundred Present at Royal Neighbors Annual Outing.

The picnic yesterday given at Crystal Springs park was one of the most enjoyable of the season. It was the annual outing of Crystal Camp No. 132, Royal Neighbors of America. The day was an ideal one for such an occasion and in the neighborhood of four hundred of our citizens participated in the festivities.

Although many went to that popular resort on the first boat, at 10 o'clock in the morning, the exercises did not begin until about 2:30 o'clock in the afternoon. The program opened with a dance, the inspiration being furnished by Tuckwood's orchestra, after which came the games.

In the swimming race Herbert Daly won the first prize, \$1.00; P. Merrill, second, 65 cents; F. Gaffey, third, 25 cents.

In the sack race, 50 yards, Art Do-jackey won the first prize of 50 cents and Willard Addy, second, 25 cents.

In the boys' race, 100 yards, Will Hogan won the first prize of 50 cents; Willard Addy, second, 25 cents.

In the fat women's race there were three contestants, Mrs. Lyman Morse, Mrs. Thomas Donnelly and Mrs. Fred Richter. Mrs. Fred Richter captured the prize, an angel food cake.

The lean women's race was participated in by four, Mrs. J. Collins, Miss Gertrude Gray, Miss Eliza Tierney, of Rockford, and Mrs. Clara Gibson, of Maquoketa, Iowa. Miss Tierney, of Rockford, won the honors, the prize being a devil's food cake.

Only two couples participated in the cake walk in the afternoon, Mrs. John Collins and George Hiller, Sr., of Maquoketa, Iowa. Miss Tierney, of Rockford, won the honors, the prize being a devil's food cake.

The dance in the evening was participated in by nearly all present, and was a feature of the picnic. After the dancers had tired, a cake walk was indulged in by four couples as follows: Ben Miller and Miss Ivy Hiller; Willie Allen and Miss Lillian Stillson; Roy Lowe and Miss Rose Davey; George Curley and William McConnell. The first prize, \$2, was awarded to Roy Lowe and Miss Rose Davey, while the second prize, a cake, went to Messrs. Curley and McConnell. The judges were Fred L. Clemmons, W. E. Evenson, George M. McKee, R. M. Bostwick Ben Plow-wright and Charles W. Brooks.

The committee of arrangements consisted of Mrs. John Collins, Mrs. L. Morse, Mrs. Fred Richter, Mrs. C. E. Brown, Mrs. Thomas Donnelly and Miss Otto C. Kneip.

A special committee was also appointed from the honorary members of the camp, consisting of Oscar Mable, Dr. M. A. Cunningham, Walter L. Stoddard, George Rathjen and Fred Richter.

Mrs. Andrew Gibson and Walter L. Stoddard comprised the committee having the games in charge.

No Authority.

A dispute as to the words "lunch" and "luncheon" recently arose between Mr. and Mrs. William Dean Howells. Mr. Howells championed "lunch," as the proper term, while his wife defended "luncheon." At last, at Mr. Howells' suggestion, they appealed to the Century dictionary to settle the question. "Well, I was right, after all," he exclaimed in triumph and he read aloud the following extract quoted as showing correct usage: "We lunched fairly upon little dishes of rose leaves 'delicately preserved.'"

"From what author is that sentence taken?" inquired Mrs. Howells. "Why, I declare, from W. D. Howells!" "Pshaw!" was the retort; "he's no authority."—Argonaut.

## CANTILLON MOBBED BY BASE BALL FANS

FORMER JANESVILLE MAN HAD  
A ROUGH TIME.

But For the Police He Would Undoubtedly Have Been Injured By Crowd—Decisions Were Not Popular and the Rooters Took Law in Their Own Hands.

Base Ball Umpire Joe Cantillon, formerly of this city, according to the Milwaukee Journal had an interesting time at Detroit a few days ago, and had it not been for the effective service rendered by several police officers and the fact that a barb-wire fence separated the bleacher fans from the diamond it would have fared very badly with the official.

Mr. Cantillon is an expert dodger, but that accomplishment did not prevent several pop bottles from coming in violent contact with his body. The bottles were presented to him by the bleacher fans who yelled and called the umpire horrid names.

All this happened in a game between the Detroit and Minneapolis team. From an impartial standpoint it looked very much as if the umpire gave the Millers the best of every decision and Detroit rather the hot end of the iron. The fans were positive of this and the demonstration was the result. A dispatch from Detroit further tells of the affair as follows:

The crowd started to mob Cantillon after the game, but the police pushed back the leaders, and prevented any outbreak.

His errors of decision cannot be laid to incompetency, as they were too flagrant for that. A crowd gathered about, and, pale and disturbed, he sought refuge in the Minneapolis bus after the game.

Minneapolis, by the score, bunched more hits than Detroit, but Cantillon called Dungan out at first on a safe hit he beat out, and gave two Detroit men out at the plate, while he refused to call Wilmoth out at the plate. Minneapolis won, the score being 9 to 7.

Carmi, Ill., July 28.—Mrs. George Crabtree, 16 years old, confessed to having put poison in coffee with deliberate intent to murder her stepmother and father, Walter S. Warthen. The result of the act was that her brother was killed and her parents and a neighbor were made deathly sick.

The family of W. S. Warthen, consisting of himself, wife, son Floyd and Mrs. Crabtree, and Berry Carter, a neighbor, sat down to dinner Tuesday at Warthen's home, about five miles northwest of this city. Immediately after dinner they became violently ill. Physicians were summoned and worked with the patients all night. They found symptoms of arsenical poisoning. Wednesday night Floyd Warthen, 15 years old, died. The other patients are now thought to be out of danger.

Mrs. Crabtree was not very sick and said she had not eaten very much of the cabbage served at dinner. Sheriff Ackman went out to the neighborhood to make an investigation. He stopped at the residence of Alonzo Dixon and sent for Mrs. Crabtree, to whom suspicion seemed to point as having some knowledge of the crime.

Neighbors recalled that the daughter had uttered threats against her father, saying she would get even with him even if she had to kill herself to do it. When she appeared at Mr. Dixon's home Sheriff Ackman elicited from her a full confession of the premeditated crime.

Mrs. Crabtree was married over a year ago to George Crabtree, but they separated about three months ago. Her baby is 4 months old.

Mrs. Crabtree said she did not mean to kill her brother. She expressed little regret as to her father and stepmother, saying that her father objected to her visits to see her child, which is in possession of her husband. Mrs. Crabtree confessed to having put rat poison in the coffee and afterward poured some of the poison in the cabbage. She is said to be the victim of an ungovernable temper and threatened to end her life several times since her separation from her husband. It is said by the neighbors that she has been considered a wayward girl, and her father sought to hold her in restraint, at which she took offense. She is a kleptomaniac.

### Agree on Wage Scale.

Atlantic City, N. J., July 28.—The joint conference between committees of the Glass-Blowers' association and the bottle manufacturers will probably be concluded today. A satisfactory agreement of the price list as to new bottles has been agreed upon, which means a general increase of the scale. A restoration of the scale of 1892 will be asked for by the blowers. Whether they will succeed or not cannot be foretold, but in all probability there will be an advance over recent prices. The apprentice system, which was also considered, will remain about the same as last season—one apprentice to fifteen journeymen, although this has not yet been settled.

### Report on Lynching of Italians.

Washington, July 28.—The state department has received from Gov. Foster of Louisiana a preliminary report upon the killing of the five Italians at Wicksburg. The governor says he has been officially advised that three of the men were naturalized American citizens. The sheriff of Madison county, where the affair occurred, promises to make a thorough inquiry and to report all the facts to the governor through the district attorney.

### Northcott Speaks at Dixon.

Dixon, Ill., July 28.—Thursday was fraternal day at the Rock River assembly and the attendance was fully 6,000. Gov. Northcott spoke in the Auditorium at 3 o'clock. The Mystic Workers' lodge of Morrison won first prize for the greatest per cent of membership present in the parade. The prize for the best uniformed and drilled society was won by Royal Neighbors' lodge of Sterling.

### Historic Castle Is Saved.

Berlin, July 28.—The fire at Marienburg, West Prussia, which started on Tuesday, was got under control last evening. The historic castle, built in 1274, and long the residence of the grand masters of the Teutonic Knights, was not injured, nor was there any loss of life. The damage to property amounts to several million marks, most of which is covered by insurance.

### To Help Nicaragua Canal.

New Orleans, July 28.—Senator Luis F. Corea, minister of Nicaragua, reached New Orleans yesterday on the steamship Alabama. He will remain here for a day or so before leaving for Washington. In coming to the United States Senator Corea is charged particularly with facilitating the building of the Nicaragua canal.

### Detroit Men May Strike.

Detroit, Mich., July 28.—The request of the employees of the Citizens' Street Railway company for an increase in wages of 4 cents an hour was refused by the company. To-night the employees will hold a meeting to decide what action they will take.

Persons troubled with diarrhoea will be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by People's Drug Co., corner Main and Milwaukee streets.

What Has Done Him Much Good.

We will tell you what will cure the worst kind of a case of backache caused from the kidneys. We will not only tell you, but will refer you to people in all walks of life in the city of Janesville, who have used Kid-ne-oids with the best results. We ask you to read this statement from Mr. Louis Kohler, stone and brick mason, 17 Milwaukee Ave., who says:

"I have been afflicted with kidney complaint for a number of years. Backache, rheumatism and nervousness were some of my symptoms. I could not rest or sleep on account of pain across the small of my back, and nervousness. Morrow's Kid-ne-oids, taken according to directions, quickly relieved me of backache and rheumatism, and strengthened my nerves so I can sleep and rest well. Kid-ne-oids are a splendid remedy and I will recommend it to our friends and others suffering from kidney complaint."

Morrow's KID-NE-IDS are not pills, but yellow tablets, and sell at fifty cents a box at all druggists and by The People's Drug Co.

## YOUNG WOMAN BLACKSMITH

Works at the Forge to Com-  
plete Her Course in Ma-  
rine Architecture.

By Elizabeth Lyon.

Women blacksmiths are not unknown in the world, but it is extremely uncommon to find a young lady of education and refinement toiling industriously day after day at the anvil and forge.

This is what Miss Lydia Gould Weld does, and the shop where she works is connected with the Massachusetts Institute of Technology, where she is studying to be a naval architect, a field of activity in which the new woman has not hitherto entered. The course in marine architecture requires a practical knowledge of blacksmithing as well as other branches of mechanics, and Miss Weld was not in the slightest degree dismayed when assigned to duty in the smithy.

The working hours in the shop are from 9 a. m. to 4:30 p. m., and the work is quite as exacting and arduous as in any blacksmith shop. On the first day of her apprenticeship Miss Weld appeared promptly on time and began her work at the forge with spirit and vigor. The superintendent handed her a long leather apron, and, rolling up her sleeve above the elbow, she displayed a shapely and muscular arm. She says she acquired the muscle playing golf and declares that blacksmithing is no harder than golf playing.

Miss Weld took to the work with surprising aptness and declares that she thoroughly enjoys it, and should necessarily ever require she would willingly earn her living at the anvil. As with all apprentices, Miss Weld was first instructed in the art of building the fire of the forge. In this she showed more adeptness than the young men, possibly because it is somewhat of a domestic operation. Then with equal tact she learned the mysteries of cherry red, bright red and welding heats and how to keep the fire compact so that the heat will be distributed evenly to the iron. As this is half the battle in the science of welding, the

MISS WELD AT THE FORGE.

young woman got along famously, her fires being regarded as the best in the shop.

Then came the art of fashioning from the red-hot iron the bolts, staples, hooks, hinges and all sorts of devices that come from Vulcan's workshop. In this work she has proved fully as expert as the young men and wields the hammer with quite as much force and skill as any of them.

She apparently does not mind the blisters and bruises from handling the hammers and rough iron nor the burns that come from the flying sparks, but without cries or gloves she goes on bravely hammering away.

Miss Weld is a Bostonian and a graduate of a fashionable female seminary at Bryn Mawr. She is an attractive girl of medium height, with bright blue eyes, brown hair and a merry laugh, which does not match at all with the popular idea of the erudite woman. Her favorite study is mathematics, in which she is remarkably proficient.

She began her studies at the Institute of Technology last year, having taken the course in drafting, her work in this line receiving especial praise.

Miss Weld made her choice of the profession of marine architecture a few years ago, when a yachting party, of which she was one, put into Bristol, R. I., to repair a broken shaft. In looking over the shops and yards of the Herreshoffs, while the work was being done, the desire to be master of that craft took possession of her and grew to a serious purpose, in which she was encouraged by her family and friends. To this end she is studiously devoting her energies, thoroughly acquainting herself not only with the theory of shipbuilding, but seeking to master the mechanical details.

Realizing that to become a successful marine architect she must know all about machinery and the principle of its construction and operation, she has begun in a practical way in the blacksmith shop, from which she will soon pass to the machine shop and acquire the practical knowledge of hydraulic and electrical mechanics which are essential to success in her chosen profession.

### Empress Elizabeth's Birth Place.

There has been any amount of discussion in the royal family of Hapsburg as to the real birthplace of the late empress of Austria. It has been supposed for many years that she was born in Possenhofen, Bavaria, and the genealogical court calendar of Gotha has confirmed this belief. The Bavarian Reichs-Herald, however, stated in a recent number that careful research showed that Empress Elizabeth was born in the ducal palace in Munich on Dec. 24, 1837. This was considered authentic by the royal family and accordingly the inscription on the sarcophagus of the empress has been corrected.

### Sirius Photographed at Midday.

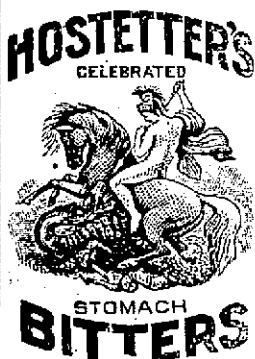

The fact that bright stars can be seen with a telescope at high noon sometimes astonishes curious visitors to an observatory. Even more surprising is the fact that stars can be photographed in broad day. The Draper photographing telescope, belonging to the Harvard observatory, has pictured the dog star, Sirius, at midday, and it has been suggested that the photographing of bright stars crossing the meridian in daylight may prove to be a source of increased knowledge for astronomers.

### New Use for a Church Spire.

It has been decided to establish a meteorological observatory at the top of the great cathedral spire in Ulm, Germany. The Ulm cathedral is one of the most extraordinary in existence on account of the great size and height of its single spire, which reaches an elevation of 528 feet. Although the great church was begun more than five hundred years ago, the spire was not completed until 1890.

### It Bore Fruit.

Ripley (Ohio) Bee: An exchange in a town not far away printed an item to the effect that a certain resident, whose name it did not mention, had better stop kissing his hired girl or it might get found out. Twenty-seven married men called on the editor and immediately stopped their paper and accused him of interfering in their domestic affairs.
